Apple iPhone 5S

Molecule Steps

1 For sim card slot on the right side of your mobile

2 Open the SIM card holder

Insert the tool into the small hole on the lid where the SIM card holder is.
Gently, to cradle "pops" out.

3 Pull the SIM card holder

Use your fingers or the opposite end of the tool to
pull the SIM card holder out completely.

4 Put the SIM card into SIM card holder

Make sure that the sim card is oriented correctly.

5 Slide the SIM card holder back into the phone

Now you're ready to use your phone.

 We have made some filter settings for

As a result, the number of people who have been infected with the virus has increased rapidly, leading to a significant increase in the number of deaths. The World Health Organization (WHO) has declared the situation a public health emergency of international concern, and governments around the world are taking steps to contain the spread of the virus.
